VOL. VII. NO. 189.

SANTA ANA, CALIFORNIA, TUESDAY EVENING, JULY 23, 1912.

50 CENTS PER MONTH

NINE MONTHS IN JAIL FOR MITCHELL

Judge Wright Pronounces Jail
Sentence on Vice President
of Labor Federation

LABOR LEADER IN WEST
WHEN SENTENCE GIVEN

Noan, San Francisco Declares
Case Will be Appealed, and
Decision Reversed

WASHINGTON, July 23.—John Mitchell, vice president of the American Federation of Labor, was today sentenced to nine months in jail for contempt of Justice Wright's court in the District of Columbia, in which Samuel Gompers and Frank Morrison are also involved. Gompers is president of the Federation.

Mitchell Absent in West
When the sentence was pronounced, Justice Wright offered to suspend sentence should Mitchell obey the court hereafter. This Gompers, Morrison and Mitchell have already refused to do.

SENTENCE WILL BE APPEALED
AND REVERSED SAYS NOLAN
SAN FRANCISCO, July 23.—The action of Judge Wright in sentencing John Mitchell is another instance of the abuse of the injunction in connection with labor disputes, said John J. Nolan of the San Francisco Labor Council, progressive candidate for Congress in the Fifth Congressional District, today. "The Mitchell case will be appealed and the higher court will reverse the decision."

MITCHELL CONFIDENT OF
REVERSAL OF DECISION
SPOKANE, Wash., July 23.—John Mitchell left here for Pontiac, Mich., last night to resume his official duties. Anticipating his sentence today in connection with the Bucks Store and Range Company case, Mitchell said: "I have no fear as to the outcome of the case involving myself and other American Federation of Labor officials. I believe the higher court will reverse the decision in this case as it did in the former one."

RAIN AND HAIL DO HEAVY DAMAGE

6000, Acres of Grain Injured
to Extent of 75 Per Cent and
Other Sections Suffer

LEWISTON, Idaho, July 23.—Reports today indicate that the damage resulting in the recent hailstorm in Eastern Oregon and Central Idaho is heavier than at first anticipated. In the Grangeville district the estimate of damage to six thousand acres of grain is placed at seventy-five per cent. Other sections suffered heavily.

OREGON RAIN AND HAIL
CAUSED HEAVY DAMAGE
PENDLETON, Ore., July 23.—The rain and hail storm in Umatilla county Saturday and Sunday did heavy damage, especially to growing crops. The rain was one of the heaviest ever seen here in summer, and the hail storm unprecedented. Telephone lines were prostrated and news of the damage done is coming in slowly.

OWEN WISTER BUYS 33000-ACRE RANCH IN SAN DIEGO CO.

SAN DIEGO, July 23.—Owen Wister, famous novelist, author of "The Virginian," has bought a tract of thirty-three thousand acres in this county for \$50,000. Wister intends to devote the land to fruit orchards and eucalyptus groves.

CONTRABAND CHINESE TO BE FREED BEYOND BORDER

LOS ANGELES, July 23.—Fourteen contraband Chinese who have been arrested at various points on the border of Arizona and California, will be taken to the Mexican border below San Diego today and turned loose at the order of Federal Immigration officials.

California to Aid Ohio Women To Win Ballot

PASADENA, July 23.—The leading woman suffragists of California are appealing for aid to be extended to their sisters in Ohio in their fight for the ballot. Mrs. Seward Simmons, a prominent club woman, who did wonderful work in this state for suffrage, has issued the call, stating that Eastern women greatly aided California suffragists last fall in their campaign for the franchise.

Bulletins of News

Met from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Wednesday, except cloudy along the coast. Light west winds.

Gompers Renews
Attack On W. J. Burns
WASHINGTON, July 23.—Samuel Gompers, through the Federationist, the organ of the American Federation of Labor, has renewed his attacks on William J. Burns, the detective.

Mrs. Seager of Angel
City Ends Her Own Life
LOS ANGELES, July 23.—With suicidal intent, Mrs. Myrtle Seager, wife of Dr. Howard Seager of 749 Herondo street, drank a deadly draught of chloroform Sunday night. She died from the effects of the poison yesterday afternoon at the Pacific Hospital. According to her husband, she was suffering from "egotistical insanity." Some of her intimate friends say that illness was not the motive for the suicide.

Body of Lieut. West, Frozen
On Nome Trail, Brought to Frisco
SAN FRANCISCO, July 23.—The transport Sheridan, in yesterday from Alaska, brought the body of Lieut. S. S. West, Sixteenth Infantry, U. S. A., who was frozen to death on the trail from Nome to an outside station, in February, 1911. The body will be sent to his former home in Concord, N. H.

Labor Leader Madden
Of Chicago, Died Yesterday
CHICAGO, July 23.—Martin B. (Skinny) Madden, celebrated labor leader, who forced many of Chicago's most daring labor strikes and who was indicted and convicted of conspiracy in 1909, passed away yesterday at Lake Villa, Ill., after a long illness.

Glendale to Vote on
Freeholders For Charter
GLENDALE, July 23.—An election to name freeholders to frame a city charter will be held here September 27. Notice of nominations must be filed not later than thirty days before the election.

Mitchell Confident
Verdict Will be Reversed
SPOKANE, Wash., July 23.—John Mitchell, vice president of the American Federation of Labor, who arrived here yesterday, said he was confident that the verdict against him in the Bucks Store and Range Company case would be reversed by the Supreme Court of the United States, as was a former decision.

Hammerstein Falls
To Succeed in London
LONDON, July 23.—Oscar Hammerstein, the American impresario who involved the British operatic world last night, admitted in an interview that he finds himself unable to go on with London opera unaided. "I have lost \$200,000 on eighteen performances witnessed by 180 persons," he said.

500 Swede Singers
In Duluth For Convention
DULUTH, Minn., July 23.—Nearly five hundred singers, many accompanied by their wives, were present here yesterday at the opening of the annual convention of Swedish Singers of America. The first concert was given last night and others will be given this afternoon and evening. The visitors show the greatest generosity in using their voices and every hotel corridor has been turned into a concert hall for impromptu musical offerings.

Japan to Spend
Vast Sum For Fair Exhibit
SAN FRANCISCO, July 23.—Japan expects to spend nearly \$1,000,000 for her exhibit at the Panama-Pacific International Exposition in 1915. Her intentions were made known here yesterday by Haruki Yamawaki, chairman of the Japanese commission, which will today select a site for the Japanese pavilion, the first fair site chosen by a foreign nation.

Is Katherine Elkins
To Wed "Billy" Mitt After All?
WASHINGTON, July 23.—It is freely reported today that "Billy" Mitt is to wed Katherine Elkins, whom the Duke of the Abruzzi lost.

Asquith to Avoid
Reception—Fears Suffragettes
LONDON, July 23.—Premier Asquith has decided to avoid private receptions in future, owing to the activity of the suffragettes.

MARTIN TO FLY IN CHICAGO MEET

Santa Ana Aviator and Beachey
Are America's Hope in
Gordon Bennett

SAW MISS QUIMBY
FALL AT BOSTON

Illinois Aero Club Comes to the
Defense of Men Suspended
by National Club

Yesterday evening Glenn L. Martin, the aviator, arrived home for a stay until Saturday night. He came West from Chicago, where his machines now are, on business, and will return to remain until after the big meet in Chicago, in which Martin expects to be allowed to enter.

Martin has received no official statement to the effect that he has been suspended by the Aero Club of America for participating in the Boston meet, which was not licensed by the Aero Club of America, but knows from newspaper accounts that the action against him, Beachey and Fish had been taken. Martin says that there are two sides to the Boston meet affair; that it was not the intention of the aviators to fly against the will of the aero club, but that circumstances were such that they could hardly avoid doing as they did.

Martin has been informed that the Aero Club of Illinois has come to the rescue of the aviators who were placed under the ban of the national club, and he fully expects to be allowed to enter the Chicago meet, which will be the biggest on this continent this year.

Martin and Beachey will probably be America's representatives in the Gordon Bennett contest, to be held in Chicago on Sept. 2 and 3. This is the classic aviation event of the year. Each nation entered is to be represented by a team, and Illinois wants Martin and Beachey to carry the Stars and Stripes.

The Gordon Bennett is a speed contest for possession of the finest trophy ever put up for a sporting event. The contest is held each year in the country that won the cup the year previous. The contest is a race of over 100 miles around a two-mile course.

Immediately after the Gordon Bennett race comes the big circuit race of about 1000 miles, starting and finishing at Chicago. All the details of that race have not been concluded. Martin is doped by the Eastern sporting writers as a likely winner of that contest.

On arriving at Chicago next week, Martin will be joined by his mother, who is visiting friends at East Palestine, O., and will then go to Saskatoon, Can., where Martin has a flying engagement for Aug. 2, 3 and 4.

"I was watching Miss Quimby in the flight that brought death to her and her passenger," said Martin. "I marveled at the wonderful descent that she was making. She was in the monoplane at an altitude of 4000 feet, and with her motor in full speed in one circle she swooped down to 1000 feet. Her machine on a level had a speed of sixty miles, and in that fast descent she must have been going ninety or a hundred miles an hour. As I watched her, I marveled, and thought that if she could make that descent she would be worthy of being called a great aviator."

"When at an altitude of 1000 feet and at that terrific speed she made a change in some control, and at that speed the response was frightfully quick, so quick that the machine fairly dropped twenty-five or thirty feet, and both the passenger and the driver were thrown out. Had they been strapped in they would have been alive today, for the monoplane, still with the motor full on, made a gradual descent until it struck the water. Had Miss Quimby been strapped in she would have been with the machine when it caught itself after the quick movement, and could have gone safely on to a landing place. Her descent was like a man driving an automobile down a steep grade with the engine throwing every bit of its power into gaining faster speed. Suppose an automobile going in that manner at terrific speed should hit a big bump. The occupants of the automobile would probably be thrown out."

CALIFORNIA SUGAR
REFINING COMPANY
WILL FIGHT SUIT

SAN FRANCISCO, July 23.—The Sugar Refining Company of California, subsidiary to and part of the American Sugar Refining Company, generally known as the "Sugar Trust" and capitalized at one billion dollars, today began a fight against the dissolution suit, which was brought by the Government in New York.

PACIFIC TAKES FRANCHISE ON \$100 BID

Proposed to Establish Parkway
in Center of East Fourth
East of Railroad

TO CLEAR POLES ON
INSIDE STREETS

City Trustees Propose to Have
Other Companies Follow
Pacific's Example

The seven months period of wrestling over the franchise of the Pacific Telephone & Telegraph Co. is at an end, for last night the Pacific bid for and secured the franchise that was put up for sale by the city trustees. The bid was \$100, and there was no competition.

The Pacific Telephone Co. gave the city a check for \$2000 for back franchise taxes, the theory of the city being that the company ought to pay something for the time it operated without a franchise. The check was received about a month ago. Last night three more checks became city property. One was for \$100, the bid for the franchise; another was for \$325.65, which was two per cent of the gross receipts of the company from Jan. 1 to July 1, this year, for the two per cent franchise tax dates as a regular thing from Jan. 1, 1912; the third check was to cover the expenses of advertising the franchise. Division Superintendent Mason of Los Angeles stated that the underground work would be extended west on West Fourth street to Ross street.

Other Important Matters
There were a number of important matters before the city trustees last night, including a unique plan for the improvement of East Fourth street between the Santa Fe railroad and the city limits at Maybury street. City Engineer Finley presented the map. A majority of the frontage on that street is willing to pave the street to meet the requirements of the state highway commission in order that the state highway may be routed that way.

Finley's map proposes to have a parkway run down the center of the street, except at intersections. This parkway would be twenty feet wide, and in it trees and plants could be placed. On each side fourteen feet of pavement would reach from the parkway to the gutter line.

Finley pointed out that the P. E. has a franchise down the middle of the street, and by his plan that portion of the street need not be paved until the carline is put in. In the meantime there is plenty of room for traffic.

There was some discussion last night as to the advisability of putting a raised curb around the parkways.

All that was done with the plan last night was to refer it to the County Highway Commission to see if it would be acceptable as a part of the state highway.

The Whole City
An amendment to the city ordinance setting a district in which open ditches cannot be kept on public streets was presented by City Attorney Heathman. The district included was bounded by First, Grand, Santa Clara, Hannah, the Santiago creek and Bristol street.

"Who described that district to you?" asked Grubb.

"My understanding is that you were instructed to include the entire city. If we have to have a law suit, let us clean up the entire city." The city attorney was then instructed to bring in an amendment that would include every open ditch in the city that is on a public street. Heathman said that if there are any ditches that were established before the street was established, it was doubtful if the city could make the S.A.V.I. Co. put the ditch underground.

Peanuts and Trash
E. R. Halesworth, gardener of Birch Park, asked that some arrangement be made to carry away trash. The matter was left in the hands of the park commission. Halesworth stated that band concerts are conducive to the spreading of a large amount of peanut shells on the grass. He thought it well to stop the sale of peanuts at the park. The city trustees took the view that as a circus is no circus without pink lemonade, so a band concert is no band concert without peanuts. No action was taken on the peanut matter.

More Lights Needed
E. A. White asked that lines of electric lights be placed on the west side of Birch Park, thus giving better light for the people attending the band concerts. Grubb, McPhee and Alderman were named as a committee with power to act.

McPhee reported that a light should be placed at the corner of Baker and Walnut. Grubb reported

(Concluded on Page Five)

DEADLOCK ON NAVAL BILL MAY BE BROKEN

Democratic Senators Busy—But U. S.
Will Be Outclassed Should England
Carry Out Naval Program

WASHINGTON, July 23.—Democratic leaders today are trying to end the Senate deadlock over the naval appropriation bill. Senator Tillman and Congressman Gregg are urging a compromise between the Senate's demand for two battleships and the House's refusal to sanction any.

U. S. IS OUTCLASSED
WASHINGTON, July 23.—The increase in the number of dreadnaughts in the British navy, announced yesterday in London, emphasizes the deficiency of the United States. The American navy now ranks second, and it will soon be forced to third, fourth or fifth place.

At present the United States has eight dreadnaughts. Four more dreadnaughts are being built. The total dreadnaught strength will be twelve in 1914. Against this, in 1914 Great Britain will have thirty-three dreadnaughts.

Germany will have twenty-nine, and France and Japan will have ten each.

21 SHIPS IN FIVE YEARS IS
ENGLAND'S NAVAL PROGRAM
LONDON, July 23.—Winston Churchill's statement in support of the supplementary naval estimates last night marks another irrevocable step toward an Anglo-German conflict or understanding. The language of diplomacy last night kept Mr. Churchill and other responsible speakers from referring boldly to Germany as Great Britain's only potential foe. Mr. Churchill announced that Great Britain in the next five years will build twenty-one dreadnaughts, five in the first year; that 33 dreadnaughts will be in commission in 1914, compared with 29 for Germany, and that the construction of the eight cruisers now being built will be hurried. Mr. Churchill also announced that provision had been made for an aerial fleet.

ROSENTHAL'S WIDOW TELLS

Lays Bare Inside Story of New
York's Gambling and of
Police Protection

NEW YORK, July 23.—The inside story of gambling in New York was laid bare to the grand jury by the widow of Herman Rosenthal, who was shot to death by five assassins. It is reported that the woman testified as to her husband's operations, naming two police inspectors to whom he paid "protection money." Police Commissioner Dougherty admitted this afternoon that a general alarm has been sent to police throughout the country to be on the watch for the gangsters who are mentioned in the testimony.

Made Voluntary Surrender
NEW YORK, July 23.—Harry Valon, alleged to have been one of the men occupying the automobile in which the murderers of Herman Rosenthal, the New York gambler, escaped after killing Rosenthal, surrendered to the police today. He was charged on a homicide charge. The grand jury resumed its investigation today.

LOS ANGELES MAN WEARIES OF GRAFT; ASKS TO BE JAILED

GREENWICH, Conn., July 23.—"I am tired of a crooked life; please put me in a cell."

This was the statement of a man giving his name as Stanley A. Beadle, secretary of the Western Sales Company of Los Angeles. He said he was wanted by the All Night and Day Bank of Los Angeles.

Is Wanted For Forgery
LOS ANGELES, July 23.—Stanley A. Beadle is wanted here on the charge of forging the name of L. B. Allen to checks aggregating \$300. Allen is president of the Western Sales Company. Beadle was acting as salesman for the company when the alleged crime was committed.

EXPECTS 3000 DELEGATES

LONG BEACH, July 23.—More than 3000 delegates are expected in this city Wednesday to attend the twenty-fourth annual convention of the Christian Missionary Society of Southern California, which will begin a two weeks' session on that date.

All sessions will be held at the First Christian church.

HARBOR EXCURSION SHOULD HAVE BIG CROWD TOMORROW

The Chamber of Commerce is anxious to have a large crowd of citizens for the Newport Harbor excursion tomorrow, and it is hoped that all who can possibly do so will go and secure an accurate idea of just what improvements are contemplated and the future possibilities of this magnificent natural site for a harbor.

Among the harbor boosters who are going to Balboa tomorrow is Captain Kelly, the old pilot who, in the early days of this section took many vessels safely across the bar even in its present condition, and who has known every foot of the waters of Newport Bay for twenty-eight years. In Captain Kelly's opinion the harbor scheme is entirely feasible, and he will explain the conditions fully to the excursionists at Balboa tomorrow afternoon.

The boat ride over the bay will be a delightful as well as an instructive

FIGURES SHOW BIG MAJORITY

Both Bonds Proposals in Saturday's
Election Had Plenty of
Votes to the Good

Yesterday the Board of Supervisors completed the canvass of the returns of the election held on Saturday at which the county voted \$60,000 for county hospital, almshouse and poor farm, and \$100,000 for bridges, and officially declared the result of the election to be the passage of both proposals by the following votes:
For the \$60,000 bonds, 1983; against, 361.
For the \$100,000 bonds, 1829; against, 479.

U. S. INCREASES FORCE ON BORDER TO MEET REBELS

NOGALES, Ariz., July 23.—Three troops of United States cavalry are encamped here and three more are expected here within a few days. In the border state of Sonora, Mexico, and are advancing on Nogales, Mex., which has strengthened its federal garrison.

The reported massacre of six hundred insurgents at that point is discredited. General Orozco has declared his intention of carrying on a guerrilla warfare in Sonora, and already there have occurred a number of robberies by his men in that state.

Recent shipments of arms to El Paso convinced the American authorities that trouble may be expected and precautions against the smuggling of arms across the border have been increased.

TAFT BEGINS WRITING OF SPEECH OF ACCEPTANCE

WASHINGTON, July 23.—President Taft began the preparation yesterday of his speech accepting the nomination for President. In his study in the White House, with all engagements canceled, the President surrounded himself with data that will be used in what Republican leaders expect will be his most important contribution to the campaign.

It was said that his main argument for the re-election would be based on the achievements of his administration and upon the tariff.

GOV. JOHNSON BOOKED FOR ILLINOIS

Chicago Hears Today That He
is to Stump State For the
Progressive Party

DENEEN PLANS TO DEFEAT
ROOSEVELT ELECTORS

By Seeking Control of Progressive
Convention That Will
be Held August 3

ROOSEVELT SAYS WILL TAKE NATION FROM THE BOSSES AND GIVE EQUAL GOVERNMENT

NEW YORK, July 23.—Colonel Roosevelt was enthusiastically greeted by his workers when he arrived at Progressive headquarters today. He said:
"I see the bull moose is a very vigorous animal. The new party is controlling both the dominant parties."

"I think Barnes, Penrose, Guggenheim and company made a bad bargain when they exchanged two delegates from California for the entire electoral vote of California. Barnes and Murphy are willing to divide things in New York, but we intend to take the state from them both, also to take the nation from the bosses and establish a government of equal opportunity."

CHICAGO, July 23.—Announcement was made here today that Governor Hiram Johnson of California will stump Illinois in the interest of the Progressives who are allied with Roosevelt.

It is stated that adherents of Governor Deneen, who is out for Taft, are planning to gain control of the state Progressive convention on August 3, to prevent the nomination of Roosevelt presidential electors.

PROGRESSIVES TO HAVE ILLINOIS STATE TICKET

CHICAGO, July 23.—Senator Joseph Dixon, spokesman for Colonel Roosevelt, yesterday struck terror to the Republicans by announcing flatly that the Progressive party will have a state ticket in Illinois, from top to bottom.

This is considered the ultimatum of Colonel Roosevelt. It ends the frantic attempts of the reactionaries to confine the Progressive party movement in Illinois to a "stub" or presidential electors' ticket.

Governor Deneen decides to stay by the regular Republican ticket.
Pennsylvania Tangle
OYSTERS BAY, N. Y., July 23.—For four hours yesterday Col. Roosevelt and William Flinn of Pittsburgh talked over the Pennsylvania tangle in the formation of the new party. When it was over it was apparently just as much a tangle as ever. It was announced that the questions involved have been left open until after the Chicago convention.

SACRAMENTO, July 23.—Governor Hiram W. Johnson announced yesterday he would accept the invitation of the Illinois Progressives and make campaign speeches in that state next month.
Invitations from Utah, Kansas, Colorado and Washington asking the governor to come and make speeches, have been declined as he will not have time to go into other states.

MIKADO APPEARS BETTER—DOCTORS SEEM HELPLESS

TOKIO, July 23.—The Mikado awoke this afternoon, greatly refreshed, after sleeping all morning, and his temperature is down to ninety-eight and seven-tenths degrees. This is considered a hopeful sign, and the members of his family are greatly encouraged. Otherwise his condition is unchanged.

Physicians Discouraging

TOKIO, July 23.—Bulletins issued today state that the Mikado is still holding his own. His physicians, however, maintain privately, that the emperor may linger for weeks, or the end may come at any time, and state that his death is inevitable.

LOYAL JAPANESE ASCEND LOFTY MOUNT TO PRAY FOR RULER'S RECOVERY

BELLINGHAM, Wash., July 23.—Three local Japanese, Frank Y. Matsu, S. Ogawa and J. Tomara, are scaling Mount Baker today to offer prayers for the recovery of the Mikado.

ADVENT CONVENTION OPENS
SANTA CRUZ, July 23.—The annual convention of the Sunday School Union and Advent Christian conference opened today.

Just because you don't see the particular thing you happen to want just now, advertised, don't think it isn't on special sale. Chances are, it is—and at a big saving—but we can't mention all the prices in one advertisement.

MID-SUMMER CLEARING SALE

Make a list from this advertisement, of the things you and your family will likely need for as far ahead as the next six months—and if you can't come in right away, plan to come as soon as you can. For these bargains that are not available every week in the year, by any means.

The Event You've Learned to Wait For

YOU CERTAINLY won't need urging to take advantage of such a sale as this! For, aside from the wonderfully low prices offered, you know we are here to stand back of everything you buy. You know that when we advertise articles as under-priced, **THEY ARE UNDER-PRICED!** But we want to emphasize this—that in this Midsummer Clearing Sale, we're going to outdo our own previous best efforts in value giving—going to save you good money on just the every-day, substantial thing you most like to save money on! Don't over look a single item that follows—clip out the whole advertisement, to refer to for the next two or three weeks—you'll find it will pay you handsomely!

Sale is Now on in Full Blast

WATCH EVERYONE OF OUR ADVERTISEMENTS

The items that follow simply hint at the wealth of good bargains awaiting you. For instance, while you know that we carry the largest stock of high-grade Undermuslins in the county, we can enumerate only a few from among the special prices.

Women's Muslinwear Reduced

Look for only first-class Undermuslins, of course—neatly made, neatly trimmed and finished with laces and embroideries of the best sort—and at such prices as these.

REINHAUS

DEPARTMENT STORE SANTA ANA

COLONEL IS VISITOR HERE

Company L Will Take More Men to Camp Than Any Other Company in State

Last night was the regular drill night of Company L, Seventh Infantry, N. G. C., and the company was honored by a visit from Colonel Schrieber, regimental commander, and Major Hutchins, in command of the Second Battalion of which Company L is a member.

After a short and snappy drill in charge of Lieutenant McBride, Colonel Schrieber came out into the drill hall and spoke a few words. He told the men that the strict rules of sanitation should be enforced in the company and individually. He also complimented Captain Uim on the showing in numbers that he was going to make in camp, because he said that the captain expected to take the largest company.

Captain Uim wants a few more recruits and all young fellows who want to join the company before camp, should communicate with him at once at the Santa Ana Book Store. The captain expects to take at least 61 men to camp, which will be held in and around San Francisco from the 10th until the 23rd of August. At present all indications are that the desired number will be reached. After drill last night the non-com-

Keeping It Up

No man can keep up with the auto game unless he has his machine looked over every little while by an expert machinist who knows the structure and mechanism of the standard car from A to Z.

ECZEMA? TRY ZEMO

Has Cured Worst Cases and You Can Prove It For Only 25 Cents

Yes, try Zemo. That's all you need to get rid of the worst case of eczema. You take no chance, it is no experiment. Zemo is positively guaranteed to stop itching, rash, raw, bleeding eczema, make a pimply face smooth and clean. Zemo is a wonder and the minute applied it sinks in, vanishes, leaves no evidence, doesn't stick, no grease, just a pure, clean, wonderful liquid and it cures. This is guaranteed. Zemo is put up by the E. W. Rose Medicine Co., St. Louis, Mo., and sold by all druggists at \$1 for the large bottle and at 25 cents for the liberal size trial bottle. Try one 25-cent bottle and be convinced. Wheeler and Mateer Drug Store.

NEW MEXICO SOLON TALKS OF REVOLT

Says \$500,000,000 Worth of United States Property Destroyed in Mexican Trouble

WASHINGTON, July 23.—Senator Fall of New Mexico yesterday afternoon said that American property valued at \$500,000,000 already has been destroyed by the warring Mexicans and that a long list of American citizens has been slain or injured.

The proclamation of President Taft regarding the exportation of arms and ammunition to Mexico has turned backward fifty years the confidence and good opinion of Mexicans for the United States, he said.

No corporation or individual conducting mining operations in Mexico desires annexation to the United States. They oppose it on the grounds of lower taxation.

Senator Fall criticized the state department officials, saying no efforts whatever were made to protect American lives and property. Germany has compelled the payment of claims for lives and property destroyed, but this government would do nothing in that direction, he said.

General Orozco was the only Mexican in power, Mr. Fall said, who protected Americans and their property, yet he was denounced as an outlaw. Mr. Fall said it would be useless to have an investigation of American claims through the state department.

The stage meets the morning train at San Juan Capistrano, Tuesdays, Thursdays and Saturdays to take passengers to San Juan Hot Springs.

SUGGESTIONS CALLED FOR

Chamber of Commerce on a Hunt For the Right Kind of Descriptive Word

Wanted—A slogan.

This is meant as a reminder to the people of Santa Ana that the Chamber of Commerce wants a slogan, wants a word that will be representative of Santa Ana.

The contest for the slogan is to end on August 5. Any person with a suggestion should leave that suggestion with Secretary Metzgar of the Chamber of Commerce, and from the suggestions the prize winner will be selected.

The person whose suggestion is accepted as the best will be awarded a handsome silver cup, which is now on exhibition in E. B. Smith's window.

Some Contributions

The Chamber of Commerce was presented yesterday with two fine exhibits. One is a bunch of pears grown on a tree in the parking at the home of C. H. De Wolfe, at 622 Van Ness avenue. There are between forty-five and fifty pears in the bunch. The other is an exhibit of fine curl cucumbers grown by Andrew Nancil at the corner of French and Fifteenth streets.

Both of the products came from city residence property.

The Chamber of Commerce is always anxious to receive exhibits of products, and growers should take the trouble to select and take to the Chamber of Commerce samples of the many things that grow better here than anywhere else in the world.

CHINESE TO RAISE MONEY

Los Angeles Chinese to Pledge One Month's Income to Aid Chan's Big Bond Issue

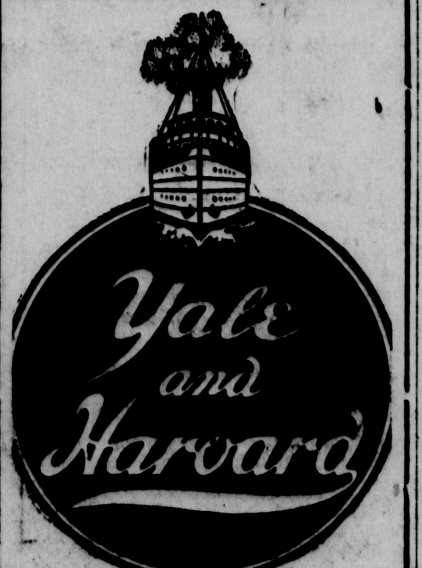

LOS ANGELES, July 23.—Three big open-air mass meetings were held in Chinatown here last Saturday and Sunday nights, both Chinese and American speakers urging the Chinese to subscribe one month's wages, or income, toward the purchase of the proposed \$400,000,000 Chinese bond issue, which will be adopted by the new republic of China if it is seen that enough of the bonds can be disposed of among the Chinese people throughout the world, to justify the issue. It is believed certain now that China will abandon all negotiations for the \$300,000,000 foreign loan, as the Chinese everywhere are vigorously protesting at the proposed foreign supervision of China's treasury and expenditures, and meetings are being held throughout China, and in many other countries, to subscribe for the bonds and urge the abandonment of foreign negotiations. Los Angeles Chinese were the first, outside of China, to take up this patriotic movement, and up to 3 o'clock yesterday afternoon

had subscribed, or promised, more than \$35,000. It is hoped to raise \$100,000 in this city and county, alone.

Word has been received from San Francisco that as a result of the appeals sent to that city by the Chinese-American League of Justice, the Chinese there have organized a similar movement and expect to more than double the amount raised in Los Angeles.

The Chinese brass band is providing music for the meetings here, and Chinatown is draped in the American and Chinese national colors. The band Sunday night opened the meeting with "Yankee Doodle" and "Onward Christian Soldiers." Meetings will be held every Saturday and Sunday night during the next month. The Chinese League of Justice has sent out more than 500 letters, to all parts of the United States and Mexico, urging the Chinese to "save their country from the clutches of the foreign money trust."

G. A. R. ENCAMPMENT PLANS IN PROGRESS

Los Angeles Chamber of Commerce Gives Much Time to Work—Date, Sept. 9-14

LOS ANGELES, July 23.—Plans for the reception and entertainment of the fifty thousand delegates to the forty-sixth national encampment of the Grand Army of the Republic to be held here September 9-14 are being rapidly completed. President H. Z. Osborne of the Chamber of Commerce, executive director of the committee in charge of arrangements, is devoting almost his entire time to the work.

National headquarters have been arranged at the following hotels:

Grand Army of the Republic, Alexandria; Woman's Relief Corps, Alexandria; Ladies of the G. A. R., Angeles; Daughters of Veterans, Hayward; National Association of Army Nurses of the Civil War, Westminster; National Association of Naval Veterans, Hollenbeck; National Association of Union Ex-Prisoners of War, Alexandria; National Association of Civil War Musicians, Natick.

SAVE YOUR HAIR

Don't Use Preparations Containing Poisonous Sugar of Lead or Sulphur

Even if you have healthy hair you ought to use a little PARISIAN Sage once a week as a hair dressing. It keeps the hair healthy; prevents scalp itch, falling hair and dandruff, and—baldness.

But be sure you get PARISIAN Sage. There are many imitations. The girl with Auburn hair is on every carton and bottle of PARISIAN Sage. It banishes dandruff, stops falling hair and scalp itch, and imparts to the hair a brilliancy and lustre that all women as well as men love so dearly. PARISIAN Sage is a daily perfume and refreshing hair dressing. It's the best hair tonic you can buy. Large bottle 50 cts at the Rowley Drug Company and dealers everywhere.

MOTORCYCLIST HAS THREE RIBS BROKEN

NEWPORT BEACH, July 23.—Harold Wilson, a young man from Talbert, was seriously injured Sunday evening when his motorcycle collided with an automobile driven by Edgar Stone on the Twenty-third street railroad crossing. Stone took Wilson in the machine with him and hurried him to the Santa Ana Hospital, where it was found that he had three ribs broken and numerous bruises. Wilson took the blame for the accident, saying that he was riding too fast.

Concordia societies from Anaheim and Los Angeles picnicked here Sunday. A special train on the Southern Pacific brought the Anaheim Germans while those from Los Angeles came by Pacific Electric. A fine musical program was rendered in the bath-house pavilion in the afternoon. Albert Hermes, mayor of Newport Beach, made the address of welcome in German.

The bridge connecting Balboa Island with the main land is being rushed to completion by W. S. Collins, owner of the Island.

AMERICAN WOMEN AND CHILDREN FLED FROM MADERA, MEX.

EL PASO, Tex., July 23.—With an escort of twenty-five rebel guards, a trainload of Americans, mostly women and children, arrived in El Paso yesterday afternoon from Madera, where rioting rebels had for two days been threatening violence to Americans and looting their homes. On the train were 289 refugees, all except twenty-nine being women and children.

Approximately 400 American men remain in Madera, and all are armed and will resist any attempt by rebels to molest them. The town of Madera has been looted of practically all provisions, but more had been sent there from El Paso and the big plant of the Madera company will not close down. General Huerta, with 6000 federal soldiers on six troop trains, is moving upon the rebels at Madera and Casas Grandes and last night had passed La Junta, nearly half way from Chihuahua to Madera on the Northwestern.

Lorimer is to Address Demonstration Arranged By Friends
CHICAGO, July 23.—The recently deposed United States senator, William Lorimer, will be the principal speaker at a demonstration arranged by friends in Orchestra Hall.

WILL PERMIT NO SLEEPING

Tabernacle no Place For Those Who Cannot Keep Awake; Much Activity Planned

HUNTINGTON BEACH, July 23.—

Evangelist Brown made the opening declaration yesterday afternoon that there would be no sleeping in the tabernacle during the service, a declaration quite unnecessary, since "Brother Brown" was at his best in a discussion of "Faith." He spoke from Hebrews 1, 2:12, and gave an interpretation of faith as taught by Christ in his three and a half year ministry. It was declared by the evangelist that faith is the all-powerful, all essential thing and that when faith comes sin will go. "Faith moves the arm of omnipotent God," declared the evangelist, "and if the Lord comes to the true Christian's heart, He will find faith there. Many who claim to walk by faith are walking by sight alone. Faith comes as naturally as breath. The Christian needs to get his eyes off everything else and fasten them on God. If he would increase in faith let him run and jump into the eleventh chapter of Hebrews and he will find himself growing stronger in faith matters."

Referring to the weights that hold back the Christian in his onward course, the evangelist declared that all the weights can be summed up in the one word "sin," and that if this is laid aside the Christian will no longer be beset. It is a disgrace to be a doubter, for the seed of doubt is sin. It is better to call it an upsetting sin than a besetting sin. When doubt is overcome one is in a position to receive, and once he has received he is in a position to give to others the blessing that has come to him. Many are not running the race because of the sin that weights them down.

Saturday, July 25, was designated as the day for the chief athletic events to be enjoyed by the Epworth League and its friends, and an attractive program of games and races have been arranged. It is expected that every member of the league now here will invite a number of friends to be present on that day.

At yesterday's meeting of the institute the following daily program was announced for the ten days during which the institute will be held: From 8:30 to 9 o'clock, Bible study in charge of Rev. Oren B. Walte of Los Angeles; 9 to 9:30, home missions, in charge of Miss Georgia Walker of Los Angeles; 9:30 to 10, Epworth League methods, under the direction of Rev. Channing A. Richardson of Napa; 10 to 10:30, intermission; 10:30 to 11, foreign missions, text-book, the Chinese revolution, in charge of Mrs. Mae E. Brown, missionary to China; 11 to 11:30, Sunday-school methods, principles and problems of the graded lessons, direction of Rev. Oren B. Walte of Los Angeles; elementary department work, in charge of Miss Rose Scott of Redlands, who will discuss personal problems and conditions. Characteristics of children and their needs and the problem of a graded school; 11:30 to 12, Evangelism, in charge of Rev. Channing A. Richardson of Napa.

CLOSE EARLY: GIVE CLERKS HALF HOLIDAY, SAY PASTORS

POMONA, July 23.—Earnest efforts by Rev. C. H. Hudson and Rev. Ernest Quick, Pomona pastors, have resulted in a campaign for the early closing of stores and a half holiday to all employees each week. Women were largely blamed by the two ministers in sermons Sunday night, both stating that the custom of shopping late Saturday night had grown to be a nuisance.

STREET TRENCHES

The Pacific Telephone & Telegraph Co. has been tearing holes through paved streets, digging trenches, placing conduits and filling in the trenches. In this work the company has given the citizens of Santa Ana an opportunity of witnessing a rare sight in Santa Ana. That rarely consists of a stream of water being used to settle the earth thrown back into a trench dug by a public service corporation.

Everybody knows that dirt thrown back into a trench ought to be settled there and there, with water as the settling agent. Everybody also knows that the practice of public service corporations in Santa Ana has not been to do this thing as it ought to be done. Travel any street of the city, and numerous depressions will be found, examples of the nefarious imposition practiced regularly upon the public by some or all of those whose business necessitates the digging of trenches in the city streets.

Because trenches are so seldom properly filled, the Register feels constrained to comment upon the fact that the Pacific company is doing the right thing. Whether or not enough water has been used to do the job as it ought to be done is another matter upon which the Register has not sufficient information to give an opinion.

The paved streets along which the conduits have been laid have been rendered disagreeably dusty by the dirt left on the surface of the street along the filled-in trenches, and each passing street car or automobile throws a cloud of the discomfiting dust into the air. With this nuisance citizens generally are willing to put up for a few days, believing that it is the intention of the telephone company to pave the torn-up portions of the streets as soon as the conduits are laid. Should there be a delay after the conduits are laid, the people would have more than just cause to complain.

The City Trustees have been assured by Pacific Telephone officials that it is their intention to complete the repairs of the streets as quickly as possible. Of late, the attitude of the Pacific Telephone company toward the city has been one of excellent good faith, in which attitude the company is to be commended, and there is every reason to believe that the streets will be soon put back into proper shape.

Speaking of the tearing up of streets and putting them back into shape, the Register is constrained to remark that as a general rule the rights of the people in this regard are flagrantly disregarded by public service corporations. In this, Santa Ana's treatment is probably no better and no worse than the treatment accorded the average city. Trenches are too often dug in streets, and carelessly filled in, thus leaving a depression that becomes a nuisance to every passing vehicle, whether wagon, buggy, motorcycle or automobile. Just how much of such treatment a city receives, depends on how much it will stand. Santa Ana has had its fill of this particular kind of carelessness, and wants no more of it. It has found that the only way to protect its streets from degradation is to keep everlastingly on the trail of the offenders, and in that the city officials cannot be over diligent.

The Board of City Trustees has had a good deal of experience in maintaining the city's rights in streets as against the rights of public service corporations, and has done many a good piece of work in bringing dilatory companies to time. For their services along this line, the people owe the Trustees a vote of thanks.

Just at present the city has cause for complaint in that the Pacific Electric has torn up several hundred feet of paving stones along its tracks on North Main street, establishing a constant nuisance and menace on that street. The street department has waited as long as patience and charity could reasonably demand, and the time has come when the city ought to be told to get right busy with that particular repair job.

The City Trustees have seen to it that the Pacific Telephone Company has taken a franchise. The franchise is framed in the interests of the people. For back taxes the sum of \$2000 was paid into the treasury, and the regular two per cent franchise tax dates from the first of this year. Take it all around, the City Trustees worked out the problem in a commendable manner.

The agent who undertook to decide who were entitled to Carnegie hero medals has resigned his position. It

might seem proper to bestow a medal on him for maintaining himself so long in a difficult, not to say perilous situation.

Mr. Bryan's home folks gave him a grand little welcome. His home folks do not live in the state that Champ comes from.

MOTOR COP ARRESTS BROTHER AND PAYS FINE

SAN DIEGO, July 23.—R. J. Bowles, a motorcycle policeman, arrested his brother, Frank, today, for violating the traffic ordinance. Bowles found his brother's automobile without a light and took it to the station, paid the fine of ten dollars, lighted the lamp, and then returned the machine to where he found it.

CONTINUED STORY OF ICEBERGS IS TOLD BY ATLANTIC LINERS

BOSTON, July 22.—Passengers on the Allan Liner Parisian, which docked here today, tell of a thrilling hour on the passage over when a break in the fog bank showed that the Parisian was surrounded by fourteen huge icebergs, each one larger than the ship itself. This occurred Thursday, when the ship was creeping through a mist so thick that the officers could not see the bow from the bridge. Two hours were required for the Parisian to reach clear water.

PANIC STRICKEN PEOPLE FLEE FROM GUADALAJARA, MEX.

GUADALAJARA, Mexico, July 23.—Hundreds of persons fled from this place yesterday for refuge in nearby towns from the long continued earthquake shocks which have ruined many buildings, cracked the magnificent cathedral and filled two streets with debris during the past three days.

The shocks continued all of Sunday night and yesterday and all attempts to repair damaged buildings have been futile. One train which left for Mexico City yesterday afternoon carried fifteen coaches with every seat taken. The poor are departing by hundreds on foot and on muleback.

THAW CASE ENDS—JUDGE TO SOON GIVE DECISION

NEW YORK, July 23.—The case of Harry K. Thaw, slayer of Stanford White, who has been fighting through habeas corpus proceedings in White Plains to obtain his release from the state asylum for the criminal insane at Matteawan, yesterday was officially closed when William T. Jerome, special attorney for the state, submitted his brief to Justice Martin J. Keogh. The justice will hand down his decision the last of the week.

PREFERS DEATH TO PRISON

SAN JOSE, July 23.—Frank R. Brown, member of the notorious Maytag gang of swindlers, arrested in this city two years ago and out on bail, was found dead in his apartment here yesterday. A hypodermic syringe and a few crystals of some drug were found on the bureau. After being prosecuted by the postal authorities, Brown's case recently had been reviewed by the United States Supreme court, and he was about to be returned to Des Moines, Iowa, for sentence.

ALASKA OFFICIALS NOMINATED

WASHINGTON, July 23.—Nominations sent to the Senate today by President Taft included Frederick A. Fuller to be United States district judge, and James Crossley to be United States attorney, Division No. 4, of Alaska.

INFANTILE PARALYSIS EXISTS IN LOS ANGELES

LOS ANGELES, July 23.—Infantile paralysis is epidemic in Los Angeles, according to Health Officer Powers. Since June 10, 126 cases have been reported to the health department. Eighteen have died.

County Physician Sawyer has notice of fifteen cases throughout the county outside of incorporated cities, which are supposed to have their own health officers, but which, according to Dr. Sawyer, often fail to make such provision. Of these cases there are two near Glendale, one in Tropic, seven in Graham, two in Belvidere, and three in the Eagle Rock district.

Big Saving to Shippers

WASHINGTON, July 23.—It is estimated practically \$1,000,000 a year will be saved to California shippers by the reduction of the Interstate Commerce Commission in express rates.

Raker Gets Foreign Job

WASHINGTON, July 23.—Congressman John E. Raker of California has been appointed one of the delegates to the conference of the Inter-Parliamentary Union to be held at Geneva, September 18, to represent the American group of international arbitration.

REASON GIVEN FOR RESIGNATION OF JUDGE HANFORD

WASHINGTON, July 23.—That the men he believes forced Judge Hanford's resignation when they themselves were in danger through disclosures before the congressional subcommittee, are not to be allowed to escape if he can help it, was the statement of Congressman Berger of Wisconsin today.

Berger said if Attorney General Wickersham took no action to probe the Seattle affiliations of Judge Hanford to the depths, he would introduce a resolution in the house to have it done. "I am informed that Judge Hanford and the secretary are friends and got rich looting people," said Berger.

HANFORD'S COLLEAGUES FORCED HIS RESIGNATION, IT IS REPORTED

SEATTLE, July 23.—That Federal Judge Hanford was induced to resign in order to shut off the congressional inquiry which was beginning to involve some of his most intimate supporters, is credited today as the only explanation of his action. It is believed the committee agreed to discontinue the probe in the event of his resignation.

CONGRESS WILL DROP THE HANFORD PROBE

WASHINGTON, July 23.—As a result of the resignation of Judge Hanford, it was learned today that the House judiciary committee has practically decided to drop the probe into the judge's official acts and his private life. It is reported the subcommittee will be called back to Washington in the near future.

PACIFIC COAST PAPERS ARE AGREED ON HANFORD'S GUILT

SAN FRANCISCO, July 23.—Editorial expressions of Pacific coast newspapers on the resignation of Federal Judge Hanford of Seattle, while under fire of investigation, generally take the view that Hanford's resignation was a practical confession of guilt.

CHICAGO GIRL, THE YOUNGEST FLYER, AWARDED LICENSE

CHICAGO, July 23.—Miss Katherine Stinson, the youngest aviator in the world, has just learned to fly in Chicago. She passed all the international tests last Sunday at the Clecro flying field of the Aero Club of Illinois and has been awarded her aviator's license.

Miss Stinson is 18 years old. She must stand all of five feet high—perhaps not quite so much. Her weight is in sylph-like proportion to her height. Before she received her aviator's license she sold automobiles and did so well that she decided to try the clouds. She decided to try flying because she thinks "there is more money in flying than in selling automobiles."

3000 ACRES OF BEANS GROWN ON ONE RANCH

VENTURA, July 23.—According to George C. Power of the Schiappa Pletra ranch there will be 3000 acres of lima beans irrigated this season from the river supply and from the pumping plant on the ranch. There has been a showing made by the irrigated beans in contrast to those not irrigated that speaks well for the former. The hot weather has caused the beans to turn a darker color and have a wilted appearance, while, according to Mr. Power, the irrigated beans are a healthy green and stand higher in the field.

Darrow Trial Again Postponed—Juror Still Ill

LOS ANGELES, July 23.—The Darrow bribery trial was again postponed owing to the illness of Juror Leavitt. Judge Hutton decided to wait another day in hope of Leavitt's recovery.

44 Vessels Join In Sham Battle Near Newport, R. I.
NEWPORT, R. I., July 23.—Maneuvers which amount to a sham battle, were started near Block Island this morning. Fifteen battleships, twenty destroyers and nine submarines are participating in the maneuvers.

DOROTHY ARNOLD CASE REPEATED

Dorcas Iyams Snodgrass Lost From Relatives in New York City

NEW YORK, July 23.—The quest of missing Dorothy Arnold was vividly recalled at police headquarters yesterday when a detective from the Mt. Vernon police force called with a request that a general alarm be sent out in this city for Dorcas Iyams Snodgrass, one of the most popular members of the younger social set in Mt. Vernon. She left the home of her brother-in-law to come to New York at 9 o'clock on Wednesday morning and the city seems to have swallowed her up, leaving not a trace.

Circumstances surrounding the disappearance of Miss Snodgrass tally with those attending the mystery of Dorothy Arnold. Like Dorothy Arnold, she left a home of wealth, that of John L. Crider, at No. 140 Wallace avenue, Mt. Vernon, to do some shopping in New York. As in the former sensational case, Miss Snodgrass was seen by two who knew her an hour after she had left her home. Like Miss Arnold, she was a college girl, bright, vivacious, popular in society, and for whose disappearance no possible reason seems to exist at present.

Miss Snodgrass recently became engaged to Adolph Schmidt, an electrical engineering contractor. It had been planned that before winter came again Schmidt would go to California and there he and Miss Snodgrass would be married.

CITY WILL FORCE LIGHT RATES UP

Will Not Allow Edison Company to Undersell Pasadena's Plant, Thus Ruining Business

PASADENA, July 23.—City officials took action today to force the Edison Electric Company to increase its rates. This unique situation is caused by the Edison company people underselling Pasadena's municipal lighting plant, in an attempt to force the city from the lighting field.

SANTA ANA AND OTHER CITIES OVERCHARGED

It is specifically charged that Santa Ana, Long Beach, Pomona, Whittier and Venice are among the cities which are overcharged by the company to pay for its losses from low rates in Pasadena.

SHE PHONED FRIEND SHE WAS TIRED OF LIFE, THEN DIED

SAN FRANCISCO, July 23.—"I am tired of life, dear; hang on." This telephone message followed by a revolver shot, was received today by Miss Helen Barbr from her friend, Mrs. Elizabeth Kemmitzer. The body of Mrs. Kemmitzer was later found lying close by the telephone.

MEN DRAG YOUNG WOMAN FROM BED; HORSEWHIP HER

MACON, Ga., July 23.—Miss Elsie Carter, a comely young woman, is critically ill here today. She was dragged from her bed last night and horsewhipped by three men whose identity she refused to disclose. Her body is covered with welts.

McLACHLAN ANNOUNCES HIMSELF FOR CONGRESS

PASADENA, July 23.—Former Congressman James McLachlan announced yesterday that he is a candidate for the Republican nomination for Congress in the new Ninth district. His candidacy will be voted on at the primary election September 3.

Pasadena's Assessment For Year Is \$51,000,000
PASADENA, July 23.—Nearly five million dollars is the increase in the city assessment this year, according to City Assessor D. D. Kellogg. The total assessment for the fiscal year of 1912-13 is approximately \$51,000,000.

FOREST FIRES COSTLY

SACRAMENTO, July 23.—According to a report issued yesterday from the office of State Forester G. M. Homan, there were ninety-one forest fires in the state of California during the month of June, burning over 23,243 acres and causing a large amount of damage to timber, wood, personal property and feed lands. There were seven arrests, six convictions, and fines aggregating \$275 collected for setting fires.

COST OF AMERICA'S DISCOVERY TOLD BY ANCIENT LEDGERS

MADRID, July 23.—Ledgers recently discovered at Palos, Spain, contain interesting facts concerning the outlay made by Christopher Columbus on his expedition to the new world. The armament of the little fleet cost \$2800. The personal expenses of Columbus and his officers were about \$400, and \$125 a month sufficed for the crew, so that about \$4400 was spent for the eight months that the voyage lasted. The cost of discovering America was about \$7600, all told.

SHOE PRICES SOAR—LEATHER SCARCE

And World's Population Bigger so Foot Gear Ascends in Price—to Stay

CHICAGO, July 23.—Shoes will cost 20 per cent more to wholesalers after September 1, and, of course, will cost more to consumers. Manufacturers have just informed jobbers and wholesalers of shoes that prices are to be advanced on all classes of leather shoes before September 1. The necessity for this action is laid to the largely-increased cost of leather.

"There are many reasons why leather has increased in price," said J. Harry Selz. "The thousands of automobiles now manufactured take in the aggregate thousands of hides that otherwise could be utilized in the manufacture of shoes. Thus, while hides all over the world are not increasing, their use is going in to the manufacture of articles that were not thought of years ago. Then, too, the population of the world is much larger. This has helped send leather up, and consequently shoes must go up. I do not think the rise will be temporary. This rise in foot wear is coming to stay."

Doings In Social and Club Circles

THAT BAND CONCERT

Excellent Program Promised
and Big Crowd Expected to
be Out Wednesday Night

The gratifying success both musical-ly and in point of attendance of the two band concerts already given for the 1912 summer season, is most encouraging to the members of the band and to their director. Each musician is responding to the stimulus of appreciation shown by the public and is bending his individual efforts for increased efficiency.

A particularly interesting program has been prepared for the concert to be given tomorrow night at 8 o'clock with W. Frank Harris directing.

The program follows:
1. March—"Salute to the Velled Prophet"
2. Caprice—"Op. 281." "Love's Enchantment"
3. Overture—"Sacred" "Celestial"
4. Idyll—"Excerpta from Madame Sherry"
5. Waltz—"The Celebrated Number from Il Trovatore"
6. Selection—"From Luder's Musical Comedy" Marcelle
7. Finale.

Woodmen to Meet Tonight
The Modern Woodmen of America of Orange County will meet tonight together and a lively time is expected. Wood chopping will be followed by the serving of something to eat. Every faithful Woodman is expected to be present.

Attractive New Office
Dr. A. Mitchell, who came to Santa Ana three months ago and opened offices in the Lacy House has now moved into more commodious quarters over Padgham's jewelry store. Dr. Mitchell, Santa Ana's chiropodist, spends all his time in his Santa Ana office excepting Saturday and Sunday, which is spent in Los Angeles.

Riversiders at Our Beaches
Riverside county people are particularly fond of Orange county beaches and every season sends a large contingent of its citizens to enjoy their cooling breezes. The Riverside Press of Monday gives the following personal mention:
Miss Helen Gill will visit for a short time with friends in Newport.
Mrs. T. K. Seburn and Miss Margaret Seburn returned last night from a two weeks' outing at Laguna. Beatrice Lindsey is at Huntington Beach, where he has obtained employment for the summer. B. F. Lindsey and family plan to go down to the beach this week.

Orange County Conservatory of Music
As the Conservatory will remain open the entire summer, you may enroll for study at any time, the earlier the better, of course, to get the benefits of a longer term. Send for free catalogue or phone Main 214.

SAN DIEGO WOMAN ENTERS THE LIST FOR CONGRESS TODAY

SAN DIEGO, July 23.—Mrs. Helen M. Stoddard entered the lists today as the Prohibition candidate for Congress from the eleventh district.

WAS HONOR GUEST

Gentleman Representing State Game and Fish Interests Was Entertained

Attorney Duke of San Francisco, who lectured here last evening on the object and methods of the State Game and Fish Commission, was the guest of honor yesterday at a noon luncheon given at the Dragon by Walter K. Robinson, deputy game and fish warden for Orange County.

Marguerites were used in decoration and the excellent luncheon was efficiently served. The menu was as follows:

Fruit Cocktail Hot Rolls
Cream Shrimp Sweet Potatoes Cream Peas
Fancy Ice Cream Cake
Coffee Cigars
Covers were laid for Attorney Duke of San Francisco, Deputy Game Commissioner W. K. Robinson of Trabuco, Judge Z. B. West, District Attorney L. A. West, County Clerk W. B. Williams, City Trustee W. L. Grubb, M. R. Scott, D. L. Anderson, George R. Briggs and T. E. Stephenson.

Personals

Mrs. Susan Burns of 622 Birch street and Mr. J. H. Little of Springfield, Ohio, left today for the Tent City of Huntington Beach to attend the Methodist conference. They will remain indefinitely.

Carl Hankey leaves this afternoon on the steamer Yale for San Francisco where he will spend a few weeks. His trip will include Oakland, Berkeley and other northern cities.

Prof. W. A. Bartlett left yesterday for Pomona, Cal., where he goes to take charge of the mathematics department. In the Pomona high school the mathematics of both the high school and polytechnic departments are under the same head which position Mr. Bartlett is to occupy. His address will be 425 East Pasadena avenue, Pomona.

Miss Pearl E. Letteller returned to her home in Los Angeles last evening after a visit of several days at the home of Mrs. Josephine S. B. Reed, 517 Wellington avenue. Miss Letteller has recently returned from a year's trip to Japan, China and the Philippine Islands.

Mrs. W. F. Crawford and Miss Alice Crawford left this morning for Cucamonga, Cal., where they will visit. Byron Crawford and family. Miss Crawford plans to return in about ten days but Mrs. Crawford will remain with her son for some time. Mrs. Sarah Eddy is occupying the Crawford house during their absence.

L. L. Borden and family of West Fifth street have moved to Hemet to reside. Mr. Borden taking the last carload of household goods up today. Mr. and Mrs. James Merle Smith, who have been visiting Mr. Juliette Smith of East Depot street for the past two weeks, left this morning for Washington, D. C., and other cities in the East. They expect to be gone five weeks, during which time they will visit Mrs. Smith's relatives at Northfield, New Hampshire, and Mr. Smith's family in Iowa. On their return to California Mr. Smith will take charge of the Euclid Heights grammar school of Los Angeles, he having been elected its principal.

Mrs. W. E. Parker and little son, Marshall, spent today in Los Angeles. Mrs. David Bradshaw returned to her home at Covina this morning after a pleasant visit to her friend, Mrs. Wilhelm, of this city.

Rev. and Mrs. Geo. Hussler have

gone today with the steamship from San Pedro to San Francisco and from there to Santa Ana, where the former will attend the Young People's Alliance and the latter the Woman's Missionary convention as delegates of Zion's church. They will be absent about one week.

Mr. and Mrs. R. E. Reid of East First street leave today for San Francisco, where they will visit for at least a month.

Miss Irene Balcom has returned from Attleboro, Mass., where she spent the past year studying music, and is at the B. G. Balcom home in Fullerton.

Mrs. L. C. Skinner, Mrs. H. G. Hull and Helen Hull left this morning for Venice, where, until the first of August, they will be the guests of Dr. Laura Betz.

J. P. Baumgartner registered at the Hotel Argonaut, San Francisco, on Saturday last, on his way to meet the other members of the State Conservation Committee.

Mrs. C. S. Kendall was a passenger this morning on a Los Angeles-bound car.

TO DO PAVING ALL AT ONCE AFTER CONDUITS HAVE BEEN COMPLETED

The gang of laborers employed by the Pacific Telephone & Telegraph Company is at work on Spurgeon street, and within a few days the trenches will be dug, and the conduits laid for placing the wires of the telephone company underground within the principal part of the business district.

The portion of the street that has been torn up will be paved immediately after the conduits are all laid. This is the statement of the company's intention as given out by a company official.

There has been some complaint made concerning the Pacific Electric's delay in completing its repairs on North Main street. Long lines of paving blocks have been torn out alongside the rails, and no move has been made to put in pavement.

NOTICE TO ELKS
—After the meeting Tuesday night the Barbecue Committee will announce definite plans and details for the coming barbecue picnic to be held at Capistrano. Details as to transportation, etc., will be arranged, and a large attendance is requested. Luncheon will be served.

CONVENTION BEGINS 24TH

The twenty-fourth annual convention of the Christian churches of Southern California will be held in Long Beach July 24th to August 4th. Seventy-six churches with an aggregate membership of 15,000 will participate, and it is expected that the attendance will reach 5000.

The chief speakers of the convention will be Rev. E. L. Powell, Ph. D., of Louisville, Ky., who has a national reputation as a pulpit orator. He will speak twice each day during most of the convention.

Other speakers of note are Mrs. M. E. Harlan of Indianapolis, Ind., national secretary of the Christian Woman's Board of Missions; J. H. Booth of Kansas City, secretary of Church Extension; Grant K. Lewis, secretary of the American Christian Missionary Society, and Rev. A. E. Cory of Nankin, China.

In addition to these, many of the strongest preachers of the state will be heard.

PACIFIC TAKES FRANCHISE ON \$100 BID

(Continued from page one)

that on C street from Santa Clara to Seventeenth two lights are needed. These matters were referred with power to act, to Grubb, McPhee and Alderman.

Alderman: "I move that a committee be appointed to prepare a map of a district in which all wires must be put underground. We can then pass an ordinance to compel this change on a year's notice to the electric company and the Home Telephone Co. The P. E. ought to be made to anchor to buildings where possible. Since the Pacific company has commenced, we ought to proceed to clear the streets of poles in the inside district of the city."

The motion carried, and Alderman, Grubb and Engineer Finley were appointed as the committee.

Street Deed

A deed to the city of a strip of land through the Maybury tract for the straightening of West Seventeenth street and for the north extension of English street was read. The grantors are Eva M. Price and Mabel Armstrong. The price paid was \$800. McPhee complimented Mayor Ey on getting the deal through. The deed was referred to the city attorney, with instructions that on his approval the deed be recorded. When the deed is recorded, the city engineer was instructed to set the stakes for the road so that obstructions can be removed from the right-of-way.

J. Pincus petitioned for a permit to put up a canvas cover at the corner of West fourth and Birch streets. He said he proposed putting in a fruit and vegetable store. The request was referred to Greenleaf and McPhee, with power to act.

Property owners on Myrtle avenue from Main street to Orange avenue, petitioned for sidewalks and curbs. Referred to the street committee.

The Pacific Sewer Pipe Co. was the only bidder for furnishing the city with sewer pipe. The bid was referred to Water Superintendent Reid and Engineer Finley, and in a few minutes they reported in favor of accepting the bid, and the bid, \$4752, was accepted.

Alderman said there are residents on West Sixth west of Olive street to Baker street, who want a sewer. Reid said it would cost \$600 to run the line to Baker and south to Fifth. The matter was referred to Grubb, Reid, Greenleaf and McPhee.

This committee was given power to act in regard to the sewerage of a house on East Second between Santa Fe and Grand avenue.

Ey stated that a carnival company wants to come here, and he would like to know how much license to charge. Alderman said that as a rule those carnivals are not a credit to a town and add nothing to a town, and he favored a high license and a rigid restriction. The matter was referred to Alderman.

Grubb stated that Wellington avenue had not been graveled and oiled because the street department had not been able to get to it. Ey and Grubb said that in future it would be a good idea to have all money for this kind of street work paid in advance.

\$12.23 Per Lot
A map and assessment for the P. E. tract sewer district work were accepted. The total cost of the work was \$6853.39, making \$.223 for each 50-foot lot. The contractor will collect according to this assessment.

McPhee stated that there has been much complaint because trees hang down over sidewalks. It was ordered that the street department proceed to trim trees that interfere with walking or traffic on the streets.

SUGAR RATES TOO HIGH. EXORD TO LOS ALAMITOS

WASHINGTON, July 23.—Complaint yesterday was filed with the interstate commerce commission by E. F. Sanguinetti of Yuma, Ariz., against the Southern Pacific railroad, alleging that a rate of 50 cents a hundred pounds on beet sugar from Exord and Los Alamitos, Cal., is excessive. The complaint asks the commission for relief.

Our purpose in occupying this corner was, and still is, to let the people know that "we are on the map" and that we have some things to sell. That's what we bought the things for, and we have about the biggest stock that we have ever carried of Wood and Coal Cook Stoves and Ranges, Gasoline Stoves and Oil Stoves, Gas Stoves, Corrugated Iron Roofing, Rubberoid Roofing and several kinds of cheaper roofing material.

Our stock of Plumbing Goods is the most complete of any in the county.

Our stock of General Hardware is the largest that is carried in Southern California outside of Los Angeles and we can meet any prices made on this coast because it costs us less to handle the goods than the goods can be handled for in the larger cities.

S. HILL & SON.

WOULD PROTECT GAME AND FISH

Steps to Form Branch of State-wide Organization Here—
Attorney Duke Talks

Steps for the organization of a fish and game protective association, which not only will be devoted to enforcing locally the laws regulating hunting and fishing, but will work for the securing of uniform and effective legislation, were taken at a meeting held in Spurgeon's hall last night, which was addressed by Attorney Duke, representing the California Fish and Game Commission.

Mr. Duke is working in the interest of a state-wide organization which is being fostered by the state commission. It is planned that each county organization shall be independent, but plans for co-operative work have been formed, and these were explained by Mr. Duke last night. Membership in the organization is secured by signing a card and forwarding it, with the 25c membership fee, to State Treasurer Roberts. The latter holds the funds so secured in trust for the various counties from which contributed.

Last night Mr. Duke explained in detail the workings of the plan. He said that the commission, realizing that the present laws regarding the protection of fish and game were both inadequate and unsatisfactory, conceived the idea of a great association, covering the entire state, for the purpose of giving those interested in such matters better facilities for seeing that the laws are enforced, and also more effective methods of securing desired legislation. The 25-cent entrance fee, he explained, is merely to provide funds to pay the expenses of delegates from the various county organizations to district conventions to be held later in each of the six game districts of the state, and the expenses of delegates selected by each of these conventions to a conference with the members of the Fish and Game Commission, which it is proposed to hold in Sacramento about sixty days before the legislature meets.

As matters now stand, Mr. Duke said, it is impossible to secure adequate legislation along these lines, because of the wide diversity of interests in the different sections of the state, and the fact that there has been no concerted attempt to reconcile these interests. Five per cent of the bills introduced at the last session of the legislature, he said, related to fish and game, and yet the results were far from satisfactory.

It is planned that each county shall decide what it needs in the way of open and closed seasons, and send delegates to the district convention who will report according. The district convention will then formulate the laws which it desires for that district, and present them to the general conference. In that way, when the legislature meets, the organization will be able to present to the lawmakers a concise and well-framed set of laws covering the entire state. That such a set of laws would be passed without the slightest opposition, he said, was beyond question.

Mr. Duke called attention to other projects, aside from protection, which the state commission has in view. One of these is the establishment of a hatchery in the southern part of the state. He said there were two pre-requisites for the successful operation of a fish hatchery—cold water and good railroad facilities. He said a representative of the commission had been directed to investigate the waters of the South, and if satisfactory conditions were found the next legislature would be asked to provide for the establishment of a hatchery.

Mr. Duke said the state hatcheries had this year produced 18,000,000 fish, the greatest number on record, and that this section will get its share when conditions are right.

At the conclusion of Mr. Duke's talk there was some discussion, at the conclusion of which it was resolved to call a meeting to be held at the City Hall on Wednesday evening, August 15, for the purpose of effecting an organization of Orange county members. Already about 250 sportsmen in this county have joined the organization, and it is expected that before the end of the year the number will be increased to at least a thousand. Game Warden Walter Robinson, who is representing the state commission in this county in this work, will see that all members are notified of the coming meeting.

UNABLE TO GUESS HOW FIRE STARTED

Orange News: A mysterious blaze which charred the interior of the bath room and kitchen porch at the Albert Heim home north of Orange, Saturday evening, was put out after a spirited fight by Mr. Heim, assisted by his wife.

The fire, the origin of which has not been suspected, was discovered by Mr. Heim when he went to use the telephone, about 7:30 p. m. Looking through a window he saw the flames in the bath room. His only means of coping with them was a pail and water, which he used desperately. Mrs. Heim was compelled to keep throwing water over her husband in order to keep his clothing from catching fire, but they finally succeeded in getting control of the situation.

The damage got no farther than the bath room and screened porch owing to their fortunate discovery of it before it gained headway. Mr. Heim's hands were blistered and his hair singed by the fire, but his home was saved.

SOMETHING DOING IN SAN JACINTO TOWN

Whole population surprised. Entire business district of San Jacinto aflame with flags, pennants and banners announcing the dawn of the New San Jacinto. Decoration takes place at night after closing hours. One feature of the display is an artistically colored banner, five feet wide and over fifty feet long, strung across the main street, bearing the words, "Welcome, San Jacinto Board of Trade." There are hundreds of pennants and flags fluttering from doorways and windows everywhere.

The recent water discovery and development at the foot of Mt. San Jacinto, near by, has aroused the whole country around. The great beauty and rare fertility of the valley dates back to the government's first geological survey, but like many other sections of the country in times gone by, the scarcity of water prevented its full development. The new water condition, however, has changed the entire situation. High-class farming upon every foot of these particularly choice lands.

It is this valley's turn now, and it

will be interesting to watch it. In the past few months, with its thrill and flip-flops, are any criterion to go by, San Jacinto will give an account of itself that will not soon be forgotten. The new resort hotel being erected by Mr. Vosburg on Central avenue, is going up rapidly. According to contract, it must be completed in one hundred days from date of beginning work.

The new electric light and power system, which circulates through the whole valley, has just been completed. The current will be turned on the first of the coming month.

Mr. Knowlton's foreman says he expects to get two tons of alfalfa per acre at each of the seven cuttings this season from his hundred-acre ranch on Mountain avenue. Two hundred tons per single cutting would mean 1400 tons for the season, or \$28,000.00 for the crop, if the present price of \$20.00 is maintained. These figures would no doubt make the back East farmer dizzy, but to the California rancher it means only an average production where anything like correct methods are employed.

SEBASTIAN'S 306 East 4th Street

IN THE JUSTICE COURT

DRUNKEN MEN FOUGHT DUEL

Bloody Pair Picked Up on Road
Near Talbert—Knives Used,
Both Men Slashed

Just what Joe Lopez and Marcos Muelas fought about they refuse to say. Probably it was nothing worth mentioning. They were both drunk, and consequently needed no reason for fighting.

They had a knife apiece and plenty of bad wine under their belts, and that was reason enough. They used the knives in a duel on a road near Talbert, and that neither is dead is due to the fact that the other one got all the cutting he could stand and had to quit.

Yesterday afternoon word came that Francisco Ortiz, who murdered a man at Huntington Beach Sunday night, was near Talbert, and had killed another man. This proved untrue. When Deputy Sheriff Murray,

Constable Heard and Deputy District Attorney Koepsel arrived they found two Mexicans well slashed and ready for a surgeon's attention. Muelas was stretched out in a weed patch beside the road. A small artery of one wrist had been cut and a stab in the biceps reached the bone. Lopez was found in a house near by bleeding from a gash to the skull and with a cut that reached from his forehead, down across one eye to the middle of the cheek.

They were taken into an automobile and at the County Jail were patched up by County Physician Wehly.

Charge of Forgery
Constable Jackson has sent out descriptions of William Tollen, who passed a \$30 forged check upon Mrs. L. J. Roberts, proprietor of a rooming house near the corner of Fourth and Broadway. Tollen worked on the Ross ranch at San Juan Capistrano for about nine months. The check is on the All Night and Day Bank of Los Angeles.

Carter Arraigned
George Carter, a painter, who forged Attorney Clyde Bishop's name to a check, was arraigned in Justice's court this morning and his preliminary was set for Aug. 10. He was here but a day or two when he gave Mrs. Reddington, proprietor of the Glenwood, a \$25 check, to which he had forged Bishop's name. He went to Los Angeles, where he became intoxicated, got to talking and told what he had done here.

Miller Arrested
Harry Miller, owner of a store at

304 West Fourth, was arrested in Los Angeles yesterday by Constable Jackson on a charge of wife-desertion. Miller's stock of goods here has been attached by three or four Los Angeles creditors, and his wife has brought suit for alimony, alleging that Miller has defrauded her out of \$900. Miller yesterday put up \$200 cash bail for his appearance in Justice Cox's court on July 27.

A Bad Japanese
K. Tan, charged with robbing another Jap of \$85, was brought from Los Angeles yesterday and jailed here. He is said by the police to have a bad record elsewhere. The man he robbed is in San Francisco at present to meet his wife, who is coming from Japan. The Japs live at Talbert.

Is in for Theft
Miguel Aroyo was brought to the county jail under sentence of ninety days from Justice Howard of Anaheim. Aroyo was charged with stealing a suit of clothes.

Six Months Each
Jose Gaetana, who pleaded guilty to stealing nine bales of hay from W. H. Kennedy of Stanton, was sentenced to jail for six months. Rufino Jimenez of Los Alamitos, pleaded not guilty, but the crime was proved to the satisfaction of Justice Cox, and Jimenez was sent to jail for six months.

Guilty of Disturbance
As a result of a row over some lots, C. W. Krebs of Fullerton was arrested on the complaint of A. F. Claudina. Witnesses said that Krebs threatened Claudina with a shotgun. On trial this morning, Justice Cox found Krebs guilty of peace disturbance, and will sentence him tomorrow morning.

Paid the Bill
Henry Delaney was arrested at Olinda yesterday by Under Sheriff Squires on a charge of defrauding a boarding-house bill at Bakersfield. Delaney paid the bill and costs, \$71, and the case was dismissed by telegraph.

Suspicious Trio
Yesterday afternoon three suspicious-looking men were in town making a house to house canvass for grub. At one place one of the men was given food, which he was later seen to throw away. The officers thought the men were sneak thieves, and one of them was found and arrested by the city marshal. He said his name was Martin King. He got thirty days in jail for vagrancy.

NARROWS TO HALF-DOZEN
Applicants Favored For Government Pure Food Expert Position Are Prominent in Work

WASHINGTON, July 23.—The field of candidates for Dr. Harvey W. Wiley's former job as the government's pure food expert has narrowed down to less than half a dozen men. Dr. James H. Beal of Scioto, Ohio, H. E. Barnard of the Indiana Department of Health, and Lucius Brown, pure food inspector for Tennessee, are the most prominently named among those now under consideration. The President soon may announce an appointment.

Do your feet hurt? Dr. Mitchell, Chiropodist, will stop it. No. 106½ East Fourth Street.

\$50 No-Fund Check Will go
to Work on Ranch

Joseph Dierksen is to work out his own salvation on a ranch at Fullerton. He has been given a chance to escape going to prison, and it is up to him to make good. Yesterday afternoon in the superior court he pleaded guilty to a charge of passing a \$50 no-fund check, cashed by County Auditor C. D. Lester, and on the showing that was made by his attorney, Clyde Bishop, Dierksen was placed on probation for seven years.

Dierksen told Judge West that he issued the worthless check, and also another in Los Angeles while he was on a "periodical." Judge West in granting probation made the order very stringent as to drinking intoxicating liquors. If Dierksen is to remain free he must not drink, and that is all there is to it.

Dierksen explained that he had not lost his property. He said he had made several good trades since he left Fullerton, where he formerly ran a hotel. He knew he had no money in the Los Angeles bank, but thought that money due him would be deposited there in time to cover the two checks that he issued. The money was not deposited, and the warrants were issued, one in Los Angeles County and one in this county. The Los Angeles case was dismissed with the understanding that a plea for probation would be made here. Dierksen's debts have been made good by relatives. The probation order permits Dierksen to be married, a matter that he has in contemplation. Employment is to be given Dierksen at Fullerton. Sentence to prison was not passed upon Dierksen when probation is given. He is to make reports to the court officers, and must walk the straight and narrow path for seven years, else at any time he may be brought into court and sentence passed.

Case Continued
Nick Karales, defendant in a suit for possession of land brought by J. M. C. Hill, is trying to get the trial continued until after September 1, alleging that his brother, Peter, has gone to Mexico and will not be back until then. An affidavit filed today states that Peter is the only other witness beside Nick who heard Hill make the alleged promise to supply 100 inches of water to the ranch. Judge West continued the case only until July 29.

Division of Ranch
Judge West this morning accepted the report of J. L. McBride, J. B. Ellis and W. G. Emmett in the suit for the

partition of the Meador ranch at Delhit. The suit was brought by Mary C. Meador, now of age, against her mother and brother. The land has been divided by the referees in partition.

Declares Homestead
Maggie E. Woodside has recorded a homestead on 13.02 acres valued at \$5000.

Never Been Beaten

Copper Utensils may be a little higher in price, but in the "long run" they are, by all odds, the cheapest and most satisfactory. This is essentially true of

Copper Wash Boilers and Tea Kettles

These Boilers will never rust and ruin your clothes. The tea kettles are heavily nickel plated. They are light and bright and easy to keep so. Buy one. Our price, No. 8, \$1.25.

Well Casing on Hand.
